# COVID-19 Information

## What is a Corona Virus and COVID-19?

Coronaviruses are a large family of viruses known to cause respiratory infections. These can range from the common cold to more serious diseases such as Severe Acute Respiratory Syndrome (SARS) and Middle East Respiratory Syndrome (MERS).

## How is COVID-19 Spread?

COVID-19 is most likely to spread from person-to-person through:

- Direct close contact with a person while they are infectious including in the 48 hours before their symptoms appeared.
- Close contact with droplets from an infected person's cough or sneeze.
- Touching objects or surfaces (like as door knobs or tables) that have droplets form an infected person, then touching your mouth or face.

# YMCA Victoria

The Y has been a cornerstone of the Victorian community for more than 170 years – a period of time that has included other major crises ranging from the 2009 Bushfires to delivering large-scale wartime services. However as a not-for-profit that invests its full resources into our mission we do require the continuing support of our partners in order to retain our ability to keep serving the community – especially during this time.

This COVID Safety Plan forms part of the Covid Normal practices in YMCA Victoria's Post-crisis recovery back to normal service.

## YMCA VICTORIA IS COMMITTED IN ENSURING ALL OF ITS FACILITIES AND OPERATIONS ARE:

- COVIDSafe for all staff, volunteers, contractors, visitors and patrons
- Compliant with Government COVID-19 Restrictions

## Government Directions

NMCC agrees to operate following all required Government guidelines for sectors and workplaces. Under current Government requirements we adhere to the following conditions:

### COVID Safety Plan:

1. Discuss and share relevant details of COVID Safety plan with staff, Contractors, patrons and contract partner so everyone is aware of what to do and what to expect.
2. Print and display and make available the COVID Safety Plan.
3. The COVID-19 pandemic is an evolving situation – review plan regularly and make changes as required.

# Y Victoria's Commitment:

In order to be COVIDSafe at all Y Facilities we are committed to:

## Contact Tracing & Venue Density

All facilities will comply with any physical distancing or venue density required for their sector by their government authority. Staff, visitors, contractors and patrons will check in via Government QR code as required. Physical environments to be altered to encourage physical distancing or venue density.

## Signage and Instruction

Throughout each Facility you will find signage and instructions on how staff and customers can be COVIDSafe. Government QR Code signage at suitable location of facilities. Hygiene, social distancing and informational signage is displayed as per requirements of government authority.

## Covid-19 Vaccinations

All facilities will comply with COVID-19 Vaccination requirements as directed by their government authority. The Y will provide staff opportunity to attend vaccination appointments. Vaccination status is linked to rostering system to ensure compliance with vaccination requirements.

## Increased Hygiene and Cleaning

All staff, visitors and patrons to wear a mask within Y facilities if required by their government authority. Each Facility has hand sanitiser stations at entry/exit, in high touch point areas and areas of high traffic. Cleaning has been increased with regular touch point cleans & facility cleans.

## Training for Staff

All staff have been trained in the COVID Safety training provided by the Health department. Staff have also undergone Y Victoria training and signed a commitment to being COVIDSafe. Role specific training has also been completed to ensure all programs the Y offers within our facilities are COVIDSafe.

## Process for a Confirmed Case

In the event of a confirmed case of COVID-19 the Y has a 8 step confirmed case flowchart. This flowchart ensures isolation, reporting, tracing and cleaning requirements are met.

# YMCA Victoria measures

As information, recommendations and restrictions about the Covid-19 pandemic is changing rapidly this document will be adjusted when possible and necessary. However, due the changes occurring quickly, it is possible for measures listed to be outdated.

Therefore, please be aware that these measures were accurate as of **31.3.22**

The YMCA is also aware that guidelines for children, especially in an education setting can differ to guidelines for the rest of the community. Therefore, some measures in YMCA Victoria facilities listed in this document deemed to be unnecessary for children may be altered or removed to reflect this.

Please be aware that the YMCA Victoria endeavours to keep up to date with all measures recommended by the government and relevant health authorities
